Buy One. Plant One.® Zippo has partnered with Woodchuck USA to create wooden laser-cut emblem designs that will help restore and protect the forests of the world.

Through the Buy One. Plant One.® initiative, for each lighter purchased, a tree is planted. Each one comes with a unique code that you can use to learn about your tree, its location and the direct impact you're having on the planet.

2024 Collectible of the Year

The 2024 Collectible of the Year celebrates three Zippo milestones in an incredible display of artistry.

Introduced as the Florentine in 1974, the iconic Venetian® pattern swirls on all sides of the Armor® case with our Laser Engrave process. The ornate design stands in gorgeous contrast to the Black Matte finish, which made its debut in 1984, while the Zippo flame icon is nestled among diagonal MultiCut pinstripes in an ode to the very first Deep Carve design unveiled in 2004. Finally, the Venetian pattern is replicated with delicate laser engraving on the coordinating gold-flashed insert, which was chosen specially for the Americas edition.

Each remarkable keepsake is consecutively numbered and authenticated with a Luxury bottom stamp. Production will be limited, so don't miss your opportunity to offer this region-specific global Collectible to your customers.

Jack Daniel's® x WOODCHUCK USA

Three iconic American brands - Zippo, Jack Daniel's and WOODCHUCK USA - have come together to create this one-of-a-kind lighter. This special-edition lighter was crafted using real barrel wood that once aged Jack Daniel's Tennessee Whiskey to its signature perfection.

This lighter is not only unique: it also makes a substantial sustainable impact. Through WOODCHUCK USA's "BUY ONE. PLANT ONE." program, a tree will be planted for every lighter purchased. To learn more about the initiative and to locate your tree, visit zippo.com/buyoneplantone.

Production will be extremely limited, so add this premium showpiece to your display today.

Vintage Lighters

There's Nothing Old About Zippo Vintage.

The success of Zippo's 50th anniversary commemorative lighter in 1982 was a strong indicator that Zippo customers and collectors were receptive to the addition of more vintage-style lighters to the product line. Zippo Vintage lighters were introduced in 1985, designed after a similar Zippo lighter created in 1937.

Distinctive features:

- Five-barrel hinge joins the lid and the bottom; same as current Zippo lighter.
- Sides of the unit are flat, with rounded corners and edges replicating the 1935 square case.
- Flat bottom and top case with current bottom stamp.

Imprint Methods

Methods available to customize Zippo Windproof Lighters.
Create a custom windproof lighter with one of our specialty design processes.
30 pieces MOQ unless otherwise noted.

Signature Custom Imprint Methods

Auto Engrave

One of our most popular customization methods, the Auto Engrave process employs diamond-cut engraving to achieve the intricate, dimensional look of jewelry. Also available on select precious-metal models.

- Standard imprint charges apply
- Base model restrictions apply
- Art constraints apply
- May require additional lead time
- Minimum quantity required

Laser Engrave

Computer-programmed laser engravers expertly reproduce your custom artwork onto a variety of base models. The crisp and precise design is revealed in metallic tones beneath the lighter's finish to provide luxurious contrast.

- Standard imprint charges apply
- Multiple surfaces available
- Minimum quantity required

Color Image

Zippo's signature printing method is capable of anything from one-color logos to full-color photographic representations. Multiple spot colors can be matched to PMS colors for simple logos.

- Standard imprint charges apply
- Not available on precious metal finishes
- Minimum quantity required
- Art constraints apply

Premium Custom Imprint Methods

All models below require special handling due to the unique processes and methods on each piece. Several model styles below require minimum quantities, tooling charges and special lead times, as well as specific art files. Contact your Zippo Sales Representative for more information.

Lustre

Restricted to plated finishes, the Lustre process recreates a design with intricate etching, which is then plated to add both depth and durability.

- 100pc MOQ for Antique finishes only

Double Lustre

A design is double-etched onto a lighter and then plated for a layered, multi-dimensional effect. The lighter's high-polish finish is incorporated into the design's negative space for added depth.

- Base model restrictions apply
- Art constraints apply

Fusion

A combination of specific pre-determined color palettes and chrome breaks creates an iridescent, metallic look.

- Base model restrictions apply
- Art constraints apply

Auto Two-Tone

Contrast is achieved when Zippo engraves in two different depths. Vibrant chrome and brass engraving allows for a "gold and silver" effect.

- Base model restrictions apply
- Art constraints apply

Laser Two-Tone

Zippo's lasers can be programmed utilizing two different depths, creating a unique contrast with silver and gold tones.

- Base model restrictions apply
- Art constraints apply

Photo Image

Photographs are digitally replicated into high-resolution images, which are then laser-engraved with pin-sharp accuracy.

- Standard imprint charges apply
- Base model restrictions apply

Stamping

Image is debossed into the case, creating a 3D design.

- Art constraints apply
